

## **Think BIG in SYDNEY**

Dietitians Association of Australia  
35th National Conference  
17-19 May 2018

### PECHA KUCHA ORAL PRESENTATION STYLE

Pecha Kucha is a Japanese term that translates to 'chit chat'.

The aim is for the presentation to be clear, succinct and overcome text heavy PowerPoint. Presenters are allocated with a maximum time of 6 minutes and 40 seconds which equates to 20 slides shown for a maximum of 20 seconds each.

For more information and examples, visit the website here: <http://www.pechakucha.org/>

*Please note:*

- *You may only request and be accepted to present in this style in the first round of abstract submissions. Late breaking abstract submissions will only be accepted as traditional and poster presentations.*
- *Authors accepted to present a Pecha Kucha oral session will be provided training via a webinar prior to the Conference.*
- *To minimise disruptions, Pecha Kucha presenting authors will be required to participate in a panel discussion at the conclusion of all presentations (in lieu of question and answer time at the end of individual presentations).*
